EXPERIENCE

Full Stack Developer Intern – Binarylogix Technology LLP

Bhopal, Madhya Pradesh

Apr 2026 – Present

- Developed and maintained the company's portfolio website using React.js, creating responsive and reusable components for services, projects, about, team, and contact sections.
- Developed MERN-based admin modules for employee management, leave management, project assignment, attendance tracking, and daily progress monitoring.
- Implemented employee attendance using live GPS location and selfie verification, with JWT authentication, role-based access control, protected routes, and REST API integration.
- Designed responsive admin and staff dashboards using React.js, Tailwind CSS, Axios, reusable components, forms, and modals.

Full Stack Developer Intern – Upstare Research

Bhopal, Madhya Pradesh

Jan 2026 – Apr 2026

- Built responsive web pages and reusable UI components using React.js, JavaScript, HTML, CSS, and Bootstrap for product, service, team, contact, and navigation sections.

PROJECTS

Company Management Platform

React.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Developed a company platform combining a public portfolio website with an internal employee management system for admins and staff.
- Built admin features for employee management, leave management, project assignment, attendance tracking, and daily progress monitoring.
- Implemented employee attendance using live GPS location and selfie verification, with role-based access control and protected routes.
- Developed REST APIs and MongoDB schemas for managing employees, attendance records, projects, leaves, and daily progress.

Gocart – E-commerce Platform

Next.js, Tailwind CSS, JavaScript

- Built a responsive e-commerce web application with product listing, cart interface, reusable UI components, and modern layouts.
- Developed mobile-friendly pages using Next.js and Tailwind CSS and deployed the application on Vercel.

CERTIFICATIONS & ACHIEVEMENTS

- **Certifications:** Programming in Java Basic – HackerRank; JavaScript Basic – HackerRank; Full Stack Web Development – Udemy.
- **Competitive Programming:** Solved 200+ LeetCode problems using Java; completed a 45-day DSA challenge by Coding Thinker, Bhopal.
